

2023 SCHOOL FEES

03 November 2022

Dear Parents,

The Board of Governors has deemed it necessary to increase the school fees from 1st January 2023 to allow it to meet the rising costs of products, utilities and services that are the mainstay of this prestigious establishment.

Keeping our fees affordable and competitive remains our mandate. Market research confirms that our school continues to be competitive with what other schools charge for their services.

What makes John Mackenzie School unique is that we continue to be the school of choice in this region for a holistic education and a reputable, professional service. As a non-profit parent-funded school, parent fees are the only source of revenue to enable the school to meet its financial obligations. The revenue generated from the fee increase will allow the school to carry at least part of the additional costs incurred by the school resulting from the high inflation.

From 01 January 2023, the new fee schedule attached to this letter will come into effect. It is our hope that you can understand the need to implement the fee increase as we continue to provide the quality education for your child that you depend upon.

We thank you for your continued support.

Yours sincerely,

Mr A. Parekh

Chairman - JMS Board of Governors
